1. INTRODUCTION

As from 12 August 2025 until 8 September 2025, Balansys SA consulted the market on the proposed Balancing tariffs applicable for Calendar year 2026. In accordance with CREG decision (B)150903-CDC-656G/29 and ILR regulation ILR/G23/44, Balansys SA shall introduce a proposal to CREG and ILR for approval, regarding the balancing tariffs applicable during the next balancing period (e.g. 1st January 2026 to the 31st December 2026), by 1st October 2025. This consultation has therefore been organised before such introduction.

2. CONSULTATION PROCESS

Balansys SA launched this market consultation by announcement of the proposed documents on its website - at the usual location for such consultations, supported by an announcement on the homepage - and via direct e-mailing to all duly registered market participants and associations. During the period from 12 August 2025 till 8 September 2025, stakeholders were invited to submit their written feedback and, if needed, seek additional information through bilateral contacts with Balansys SA. Taking into account the different comments received, Balansys SA submits for approval to CREG a null tariff for the neutrality charge.

3. OUTCOME OF CONSULTATION PROCESS

All comments received are listed and individually treated in the "Q&A" which makes part of the consultation report submitted to CREG – see appendices.

Feedback was received from only 1 market participant (FEBEG).
